THE GLOBE

SA Bullion International is a company that offers gold dealing and vaulting globally. Dealing (sales and delivery) is offered out of Mauritius. Vaulting services (including trading, insurance and reporting) are offered in Dubai and Zurich.

The company is a Global Business Company incorporated in the Republic of Mauritius and is part of the South African gold dealing and vaulting group SA Bullion, with headquarters in Cape Town, South Africa.

SA Bullion International is an approved International Dealer for the world's largest gold refinery - Rand Refinery in Johannesburg, South Africa. The company deals in Responsible Gold from Rand Refinery, a member of the London Bullion Market Association and one of five International Referees of the LBMA.

SA Bullion International offers global dealing in three gold products:

KRUGERRAND

MINTED BAR

CAST BAR

SA Bullion International offers vaulting services (including trading, insurance and reporting) in five facilities based in Dubai and Zurich:

ZURICH

Krugerrands
Minted Bars
Kilobars

DUBAI

Minted Bars
Kilobars

INTERNATIONAL DEALING

SA Bullion International deals with individuals and entities in most countries in the world. The firm is an approved International Dealer for the world's largest gold refinery - Rand Refinery in Johannesburg, South Africa. The company deals in Responsible Gold from Rand Refinery, a member of the London Bullion Market Association and one of five International Referees of the LBMA.

KRUGERRAND

The company deals exclusively in “Bullion Krugerrands” i.e. those Krugerrands that are for purposes of investment in gold bullion (i.e. not ‘collectibles’). The Krugerrands are brand new and freshly minted. In South Africa the coins carry legal tender status and are therefore underwritten by the central bank. The Krugerrand carries a price premium due to its high standard of crafting. Owing to its high international brand recognition it enjoys exceptional international acceptability.

FINENESS	▶ The Krugerrand consists of 22 karat gold (916.7 fineness or 91.67% purity). The coin contains one full Troy Ounce of gold i.e. 31.1034768g
DIMENSIONS	▶ In addition to one ounce of gold the Krugerrand contains a small amount of copper to add durability. The total weight of the coin is 33.93g. See www.realkrugerrand.com .
DELIVERY	▶ We provide fully-insured airfreight via contracted high-value courier to most major centres worldwide. Charges are for customer account and are typically less than 1% of value.
TAXES	▶ No export taxes are levied by South Africa. Customers are advised to become familiar with their importing country taxes, duties or other charges.
ORDER PRICING	▶ Gold price per Rand Refinery + 5% premium.
ADVISOR FEES	▶ Financial advisor fees as agreed between client and financial advisor may apply.
MINIMUM ORDER SIZE	▶ US\$50,000.00

MINTED BAR

The company deals in 100g Rand Refinery-branded Minted Bars. The bars are 24 karat gold (999.9 fineness or 99.9% purity). These Minted Bars are identifiable by unique serial numbers. The 100g bar is equivalent in gold-content to 3.215 Krugerrands. Due to much simpler fabrication than the Krugerrand, the Minted Bar is highly price effective.

FINENESS	▶ The 100g Minted Bar is essentially pure gold and contains 100g of the metal (or 3.215 Troy Ounces of gold).
DIMENSIONS	▶ The weight of the bar is 100g. It measures approximately 48mm x 28mm x 5mm.
DELIVERY	▶ Fully-insured airfreight via contracted high-value courier to most major centres worldwide. Charges for customer account, typically less than 1% of value.
TAXES	▶ No taxes are levied by the exporting country. Customers are advised to become familiar with their importing country taxes, duties or other charges.
ORDER PRICING	▶ Gold price per Rand Refinery + 2.5% premium
ADVISOR FEES	▶ Financial advisor fees as agreed between client and financial advisor may apply.
MINIMUM ORDER SIZE	▶ US\$50,000.00

CAST BAR

The company deals in 1000g Rand Refinery-branded Cast Bars. The bars are 24 karat gold (999.9 fineness or 99.9% purity). The “Kilobar” is equivalent in gold-content to 32.15 Krugerrands. Due to simpler fabrication than the Krugerrand or the Minted Bar, it is the most price-effective means of acquiring investment gold.

FINENESS	The 1000g Cast Bar is essentially pure gold and contains 1000g of the metal (or 32.15 Troy Ounces of gold).
DIMENSIONS	The weight of the bar is 1000g. It measures approximately 116mm x 51mm x 10mm.
DELIVERY	Fully-insured airfreight via contracted high-value courier to most major centres worldwide. Charges for customer account, typically less than 1% of value.
TAXES	No taxes are levied by the exporting country. Customers are advised to become familiar with their importing country taxes, duties or other charges.
ORDER PRICING	Gold price per Rand Refinery + premium on application
ADVISOR FEES	Financial advisor fees as agreed between client and financial advisor may apply.
MINIMUM ORDER SIZE	25 kilograms (approximately \$1,250,000.00)

INTERNATIONAL VAULTING

SA Bullion International utilizes world-class vaulting facilities provided by Brinks, the US-based global leader in security-related services to banks, governments and commercial entities. SA Bullion International is a Tradeflow Member of the Dubai Multi Commodities Centre (DMCC) in UAE.

The company offers the SA Bullion International Facility for vaulting of clients' gold purchases. This facility offers vaulting, insurance, reporting, international logistics and foreign disposal.

TAXES	No taxes apply to cost of service or to disposal of gold at places of Facilities.
EXIT CHARGE	SA Bullion does not levy any exit charges. Vault charge of \$230 per extraction.
CUSTODY FEE (NON-INTERMEDIATED)	1% of value of gold per annum (no VAT), charged monthly.
ADVISOR FEES	Financial advisor fees as agreed between client and financial advisor may apply.
MINIMUM FACILITY SIZE	\$50,000 for Krugerrand and Minted Bar Facilities. One Kilogram for Kilobar Facilities.
